

To the Consular Section, Embassy/Consulate of Portugal in United States,

I, Jane Doe, a citizen of United States currently residing in United States, United States, am writing to formally express my intention to relocate to Portugal under the D8 Residence Visa program.

I work as a employee at Acme Inc, earning income that is entirely sourced from outside Portugal. My work is fully remote and location-independent, allowing me to continue performing my professional duties without interruption while residing in Portugal.

I intend to relocate to Portugal on or around March 1, 2027 and reside at Rua das Flores 12, Lisbon. I have arranged comprehensive health insurance valid in Portugal and can demonstrate a stable monthly income of \$5,000.00, well in excess of the minimum threshold required for this visa category.

I am drawn to Portugal for the culture and quality of life, and I look forward to contributing to and being part of Portuguese life during my stay.

Sincerely,

Jane Doe
