

To the Consular Section, Embassy/Consulate of Portugal in Canada,

I, Morgan Lee, a citizen of Canada currently residing in Canada, Canada, am writing to formally express my intention to relocate to Portugal under the D8 Residence Visa program.

I work as a business_owner as an independent freelancer/contractor serving clients including Lee Consulting Ltd. clients across North America, earning income that is entirely sourced from outside Portugal. My work is fully remote and location-independent, allowing me to continue performing my professional duties without interruption while residing in Portugal.

I intend to relocate to Portugal on or around August 1, 2027 and reside at Avenida da Liberdade 200, Lisbon. I have arranged comprehensive health insurance valid in Portugal and can demonstrate a stable monthly income of CA\$7,000.00, well in excess of the minimum threshold required for this visa category.

I am drawn to Portugal for raising our kids somewhere with better public infrastructure, and I look forward to contributing to and being part of Portuguese life during my stay.

Sincerely,

Morgan Lee
